Kind attention to the references cited.

It is observed that the Empaneled hospitals under the AB PM-JAY-KASP need clarifications regarding the referral of Non KASP COVID-19 patients into Private Hospitals empanelled in AB PMJAY KASP. The claim adjudication process will be more effective with introduction of this referral letter. The non KASP patients who have been referred from a public facility into one of the private empanelled facilities need to produce this referral letter for Claim adjudication. The referral letter contains data like Covid-19 positive swab date which makes the document authentic. All authorities are requested to implement this from 22<sup>nd</sup> of September 2020. Failure to submit this document may result in non-acceptance of the Claim request.

Yours faithfully

Executive Director (SHA)
